

# Ekundayo Mayowa T.

Full Stack Developer

+2347034325810 ◇ ekundayomayor@gmail.com ◇ Nigeria ◇ LinkedIn

## SUMMARY

Passionate, goal-oriented professional with a multidisciplinary background in Full-Stack Web Development, English Language Education, and Digital Communication.

With a strong foundation in web technologies and a love for teaching and mentorship, I bridge the gap between tech innovation and human interaction.

I am committed to leveraging my skills to create impactful solutions, mentor aspiring talents, and contribute meaningfully to community and business growth.

## PROFESSIONAL EXPERIENCE

### OurAgent NG – Real Estate Platform

Nov '24

OurAgent NG

Developed core features including **property listings**, **agent registration**, **search filters**, and **location-based browsing**.

- Implemented secure backend logic using **PHP and MySQL**, with efficient database queries for real-time listing updates.
- Integrated **agent ID verification** and property upload functionality with image handling.
- Actively improving the platform's mobile experience using **React Native** for the mobile version.

### Frontend Developer

Mar '24 – Oct '24

Magnitude

Lagos, Nigeria

- Developed a seamless ERP application with an intuitive user interface, improving workflow efficiency.
- Conducted code reviews, debugging, and optimization to ensure high performance and scalability.
- Designed and implemented custom RESTful API endpoints for seamless data exchange between frontend and backend.
- Collaborated with UX/UI designers to create responsive and interactive web applications.
- Spearheaded frontend performance enhancements, reducing load times and increasing user engagement.

Junior Full-Stack Developer

APTECH

- Assisted in the development of full-stack web applications, implementing both frontend and backend solutions.
- Optimized application performance through bug fixing, debugging, and database optimization.
- Mentored junior developers, introducing them to best coding practices and industry-standard tools.
- Conducted unit testing to ensure software quality and reliability.
- Developed and maintained responsive, mobile-friendly websites for various clients.

Sep '23 — Mar '24

Nigeria
